13 September, 2006

Ms Tara Chandramouli
DISHA
12 Lemon Road
BALWYN NORTH VIC 3104

Dear Ms Chandramouli

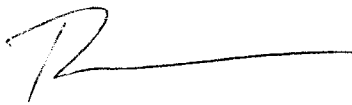

It was a great pleasure to meet you and your committee, Mr Anil Dhir, Ms Arati Lakhani and Ms Suman Kanodia. I was delighted with the very kind donation of \$10,500 as proceeds of your Bollywood Night fundraiser.

We have used the money to purchase a new fiberoptic bronchoscope. This money was approximately half the cost of the new bronchoscope, but we were able to convince The Alfred Hospital to pay for the remaining purchase cost. This instrument is crucial in assessing patients with lung cancer. We have been using fiberoptic bronchoscopy to develop new techniques to treat lung cancer and also improve patient's lung function prior to resection of lung cancers.

Your support of our initiative is very much appreciated.

With kindest regards,

Yours sincerely,

A/Prof Trevor Williams
Clinical Director
